HELLO,

The key to creating a successful website is to pay attention to the client's needs.

It is the only way to build clear, relevant and sustainable UX solutions.

I believe in the « less is more » concept as an efficient way to keep a website consistent through time. I am searching for challenges that will allow me to improve my skills and increase my knowledge, preferably through teamwork.

PROFESSIONAL EXPERIENCE

- 2020 - **Today** : UX designer at CIRB (for Business & Decision)
Working as a UX designer consultant on several CIRB's websites, applications and projects.
- 2019- 2020 : UX designer at Business & Decision
Working as a UX designer consultant at the client side : Urban.brussels, SPF Justice, CIRB.brussels.
- 2015 - 2019 : Front-end webdesigner at Business & Decision
Working in a team for small and large businesses mainly in Drupal CMS as UI&UX designer.
- 2014 - 2015 : Front-end webdesigner at Uchrony
Since Uchrony was bought by Business & Decision in 2014, we are evolving our production scale.
- 2014 - 2012 : Front-end webdesigner at Green Pepper Agency
Achievements of several websites in Wordpress CMS.
